

1. The graph shows a parabola opening upwards, with its vertex at (2, -1). The parabola passes through the points (0, 3), (1, 0), (3, 0), and (4, 3). The dashed line represents the line of symmetry, which is the vertical line  $x = 2$ .

2. The graph shows a parabola opening upwards, with its vertex at (2, -1). The parabola passes through the points (0, 3), (1, 0), (3, 0), and (4, 3). The dashed line represents the line of symmetry, which is the vertical line  $x = 2$ .
